### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The prior art does not show or suggest the separate addition of the sizing dispersion and sizing promoter to the aqueous fiber suspension.
2. Note that claim 1 is a generic claim, which is now allowable. The restriction/election requirement erroneously stated that there were no generic claims. In view of the allowability of the generic claim, claims directed to the non-elected species are rejoined and all claims are passed to issue.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Peter Chin whose telephone number is (571) 272-1186. The examiner can normally be reached on Monday through Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Steven Griffin can be reached on (571) 272-1189. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
